

TECHNICAL SPECIFICATIONS

Input voltage	100 / 110 / 230 VAC - 50 / 60Hz
Output voltage	24 VDC or 12 VDC
Power / current	maximum 3 A at 24 VDC / 6 A at 12 VDC
Emergency lowering function	by 2 x 9V batteries
Actuator connections	1
Control connections	1
Protection grade	IP20
Protection class	Class II
Fixing type	on the ground or attached on frame
Duty cycle	10% (2 mn operation / 18 mn rest)
Colour	black (RAL 7001)
