

# Desk Lifting Column CLK5

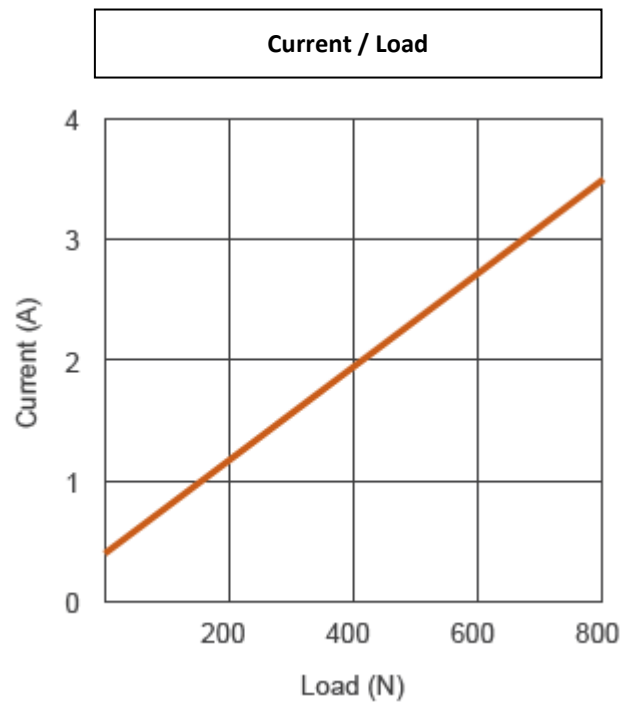

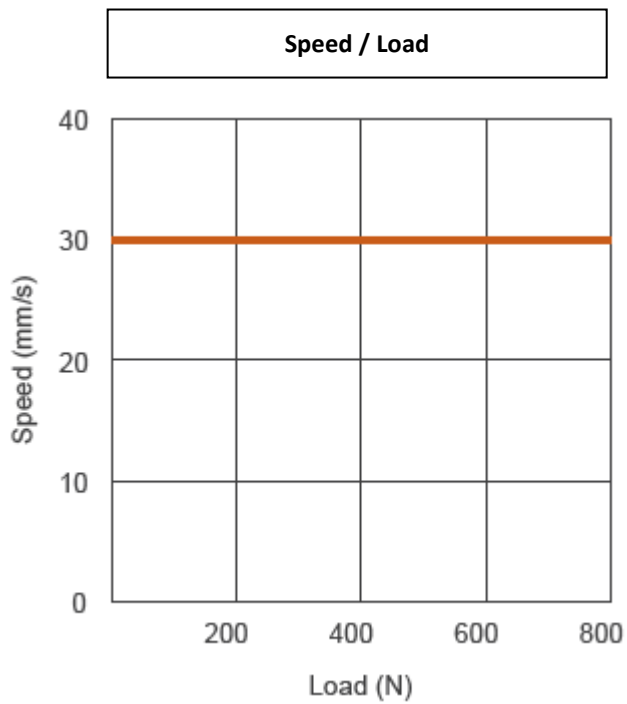

## TECHNICAL SPECIFICATIONS

Transmission type	3-section mechanism
Input voltage	24 VDC-32 VDC
Push Maximum Strength	800 N
Stroke	650 mm
Speed with control box BCK3 32 VDC	Maximum at full load = 30 mm/sec.
Positioning feed-back	Dual hall effect sensors
Connector type	Minifit 6-pin 180° plug
Noise level	< 50 dB
Duty Cycle	10% (max. 1 mn continuous operation in 10 mn)
Protection Grade	IP20
Compatibility Control Box	BCK3
Colour	White

### Options :

Length of power cord	Straight 1200 mm or 2000 mm
Colour	Different mono-colours available upon request
