

SPECIFICATIONS TECHNIQUES

Input voltage	12 VDC
Output voltage	12 VDC
Actuator connections	-2 x independent actuators type V70 -2 x synchronized actuators type V70
Power / current	maximum 10 A per actuator at 12 VDC
Synchronisation / Memory function	-by Hall effect sensors -by Reed sensors
Control connections	1
Over-load protection	12 A per actuator
Protection grade	IP20
Duty cycle	10% (2 mn operation / 18 mn rest)
Colour	Pantone 431C (dark grey)

Options:

Battery-pack	12 V / 10 A/H
Batteries charger function	from AC input or solar energy input
